

Establish PADBANK Inside Kisholoy Girls School

PADBANK is a Pad Dispenser machine which is installed in girls school.

Funded by Rotary Grant

For school going girls sometime it's hard for them to get a sanitary pad, if period started suddenly in school Also as a first time user it will be hard for them to get used to with a sanitary pad as sometimes it is treated as a taboo subject . To break this circle , prevent problems about access to sanitary napkins we have installed a vending machine inside Kisholoy Girls School and College Plot No 8A/9, Block C, Tajmahal Rd, Dhaka 120. Kisholoy girls school is one of the famous schools in Mohammadpur area with around 1500 students. The main demographic students of this school are poor or poor-middle class families . During corona we have taken special permission from school authority for the installation of this product and school headmaster (showing in attach picture) are very much pleased about the product .
